Objective

Highly skilled and motivated Frontend Developer and UI/UX Designer with a passion for creating visually appealing and intuitive user experiences. Equipped with a strong background in web development and a keen eye for design, I aim to leverage my technical expertise and creativity to contribute to innovative projects and help businesses thrive in the digital landscape.

Education

Bachelor's Degree / S1, Informatics Engineering (GPA 3.20)
Universitas Muhammadiyah Prof. DR. HAMKA, Jakarta, Indonesia
August 2022

Professional Experience

Document Contreller, PT Lintas Teknologi Evolusi, Jakarta, Indonesia
March–July 2023

- Monitoring & analyzing the accuracy of actual documentation to match the requirements of the acceptance test procedure (ATP) document
- Collaborate with the engineering and Netgear team to increase the achievement percentage
- Generate 100 ATP reports within a week as material for closing projects

React & Node.js Course, Eduwork, Yogyakarta, Indonesia
February 2022

- Participated in the developer training program organized by Eduwork using the ReactJs, ExpressJs, NodeJs, and MongoDB stack.
- Produce 3+ application projects and build and integrate web applications using the NodeJs stack with various third-party services and APIs.

Web Administrator Internship, LAPAN, Jakarta, Indonesia
March-May 2021

- Reviewing and researching the features and content in the PUSFATJA LAPAN back office
- Responsible for reviewing designs and publishing 12 contents using Excel, FileZilla, and Photoshop
- Develop and perform assigned back office maintenance procedures.
